## DAN BRIGGS SEEKS IMPORTANT OFFICE

Asks for Democratic Nomination to the Office of Sheriff.

Dan Briggs announces himself in this issue of The Courier as a candidate for the office of Sheriff of Fulton County. Dan needs no introduction to the voters as he is well known throughout the county, having spent the past 16 years of his life in this city. For eleven years he has been connected with The Mangel Company of this city and has always shown himself to be trustworthy and dependable to the utmost, having the highest respect of both the employers and employees with whom he has been associated during his connection with that concern.

As a man of limited means and one who has worked for a salary year in and year out, Mr. Briggs presents himself to the voters for consideration in selecting a candidate for the office he seeks, believing that he is fully capable of handling the duties which devolve upon such an official with as much facility and efficiency as any other man.

He does not claim any superior qualifications over other men for the office, but does claim an equal fitness, and he believes that he is qualified to discharge the duties of Sheriff. He has never held an office or been a candidate for an office. If elected he promises to bring to the office his very best. He believes he can make Fulton County an acceptable office, and should he be selected, he will show no favoritism and will treat everyone alike in the discharge of his duties.

In politics, Mr. Briggs has always been allied with the Democratic party. He comes from Democratic forebears and it is to the Democrats that he submits his candidacy and asks for their support.

He is at present employed, but will, in due time, make it a point to see every voter in the county. In the meantime, he respectfully asks the voters of Fulton County to consider him for the office at the August primary and if you believe him qualified and capable to discharge the duties of sheriff, no man in Fulton County would appreciate your support more than he.

## FISCAL COURT ORDER

Fulton County Court, Regular Term, Feb. 1, 1921.

Regular term of Fulton County Fiscal Court convened at the Court House, Hickman, Ky., at 9 o'clock a. m. this the 1st day of February, 1921, with the Hon. E. J. Stahl, present and presiding.

The following Magistrates being present and answering to roll-call: Esq. W. O. Shankle, Esq. C. D. Nugent, Esq. W. T. Barton and Esq. H. G. Shaw.

In view of the fact that the floating indebtedness of Fulton County is approximately \$200,000.00 due and payable to various and diverse persons and considering that the government and states are endeavoring to retrench and cut down expenditures and that individuals are conducting their business on a smaller scale in an effort toward readjustment and further considering that the Fiscal Court must cut expenditures in every way and that it would be best for the County and all persons concerned to cut expenditures except in cases of emergencies and further considering that now is the appropriate time to suspend operations and in cut out all expenditures due to the fact that the roads are all well crowned and can be maintained with the drag and all bridges and culverts have been repaired and are in good condition and that it is not necessary to make any repairs except possibly some patch work and that no fixtures or supplies are necessary for any purpose except some provisions for the inmates of the County Farm, therefore, it is the order of this Court on motion which prevailed, that all road work be suspended and that no expenditures be made for anything except in cases of emergencies and that no warrants issued whatsoever for anything except for current expenses of County Government until further orders of this court.

E. J. Stahl, Judge.  
O. C. Henry, Clerk.

## CHAS. NUGENT FOR CO. JUDGE

Popular Young Magistrate Seeks High Office.

In our announcement column this week will be found the name of Charles Nugent for county judge. Mr. Nugent is at present magistrate of District No. 2 and has made an excellent official. He feels that in view of his experience with the county court he is fully qualified to fill the office which he seeks. He has been a member of the Democratic party and feels that he is entitled to some consideration in this respect.

Mr. Nugent made the race for County Court Clerk seven years ago against Frank Roper. He was beaten by only 147 votes, and when it is remembered that a runner Mr. Roper was beaten by only 147 votes, it is some reason to believe that Mr. Nugent is some reason to believe.

Mr. Nugent has scores of friends in all sections of the county and has much encouragement to make the race for county judge. It is our opinion that he is going to be hard to beat. He is young, enthusiastic and full of life. If elected he promises to give the people the best administration of which he is capable.

Later on in the primary he will make a thorough canvass of the county and will endeavor to see all the voters both men and women, personally. He will mention the fact that his friends refrain from pledging support until he has had an opportunity of presenting his claims.

Mr. Nugent's candidacy is subject to the action of the Democratic primary in August, 1921.

## A GOOD MAN GONE

Fulton County lost one of its staunch and reliable old citizens in the death of Ezekiah Lamatus Friday morning at 9:30. Death was due to senility. Mr. Lamatus having reached the ripe old age of 77 years.

The deceased was born May 20, 1843, and was married to Miss Martha Sutton, who survives him, June 2, 1878. To this union were born six children: four boys, Thomas, Billie, Johnnie and Delmar, and two daughters, Mrs. W. T. Shankle and Mrs. B. T. Hughes, all of whom survive him.

The funeral was conducted from the West Hickman Baptist Church at 2 o'clock Sunday afternoon, with interment at the City cemetery. Services were in charge of the Rev. E. M. Bragdon of Martin and the Rev. G. S. Jones, pastor of the West Hickman Baptist church.

Mr. Lamatus was one of the substantial farmers of this community and well known throughout this part of the county, having lived for the past fifteen years or more near Hickman.

The Courier extends sincerest condolences to the bereaved family.

Louise and Allen Posey, of Blytheville, Ark., are visiting B. W. Posey.

H. L. Amberg left Sunday for St. Louis.

## LON PALMER WOULD BE JAILER

Popular Fultonian Will Make Race for This Office Again.

In our announcement column this week will be found the name of Lon Palmer. Mr. Palmer, after a good deal of urging on the part of his friends, has again consented to make the race for Jailer of Fulton County, subject to the action of the Democratic primary in August, 1921.

Mr. Palmer made the race at the last primary and ran a very strong race. He was born and reared near Fulton, and has many friends throughout this section. He lived in Hickman for nine years, having removed from here to Fulton two years ago last September, and will no doubt pull a large vote here.

Mr. Palmer would make a good official. He is honest, faithful in the discharge of his duties, courteous in his dealings with people, and is altogether a man to be trusted. The prisoners, if elected, to give the taxpayers the best services of which he is capable.

Later on in the primary, he will make a thorough canvass of the county and will try to explain his claims to every voter both men and women. In the meantime he asks his friends to refrain from pledging support until he has had a chance to present his claims.

J. B. Cochran, who has been quite sick, is reported improving.

H. P. Bush of Louisville was here on Tuesday on business.

## RENNENBERG GETS IMPORTANT POST

Is Signally Honored by Episcopal Diocese of Kentucky.

The Rev. W. F. Rennenberg, rector of St. Paul's church of this city, was in Louisville last week attending the meeting of the Episcopal diocese of Kentucky. This important convocation elected him to the position of the secretaryship of the diocese, which position he has been occupying during the past year, having been appointed to fill out the unexpired term of the former secretary.

He was elected without opposition and the election is especially noteworthy in that his election is the second during a period of ninety-three years of any one outside of the city of Louisville to that post. This makes Rennenberg one of the secretaries through which he had attained the name of the "most secretarial man in the state," already holding that office in some thirteen or fourteen different organizations.

Secretary Rennenberg was also elected to be one of the three delegates to the Provincial Synod of Kentucky, which meets in Atlanta in November.

Mr. and Mrs. W. T. Pendleton left Tuesday for Hot Springs, Ark., where they will spend a three weeks' vacation.

Mrs. W. A. Moore has been on the sick list, suffering from the grip.

J. W. Watkins of Bridgeport was a visitor in the city last week.

## WALTER I. SHUPE FOR SHERIFF

Young Fulton Man Has His Ambition Set for Higher Position.

Walter I. Shupe, who was for several years an officer in Fulton in this issue of The Courier makes his announcement for sheriff.

Mr. Shupe is 25 years of age and is full of energy as an electric dynamo. For three and a half years he was a police officer for the city of Fulton and for the last three and one half years has been a deputy sheriff and special officer for the Illinois Central railroad company.

During the last seven years he has fought and secured the conviction of more crooks and criminals than any of them in Western Kentucky. There is hardly a town within a radius of 300 miles around here from which he has not brought back a law violator. As an officer he has always been active in getting up the witnesses needed by the Commonwealth to secure the conviction of the law violators. The sheriff's office is one that requires much energy and should be filled by a man who will go rain or shine, and one who is able to stand the work.

Mr. Shupe's years of experience as a peace officer gives him a knowledge of the ways of crooks and criminals that few men in this county have. No man in the county has had the experience as a peace officer he has had. At this time, when the county is being swept by a veritable epidemic of law violators, a sheriff of experience, common horse sense and sufficient energy and courage to go after the law violators and then get up the evidence for the prosecution, Walter Shupe is the man for this. He was active during the war in picking up slackers and rattling deserters.

Mr. Shupe is a man of very limited means. For the last seven years he has worked for a small salary. He believes he can fill the office of sheriff with credit to himself and in a manner satisfactory to the people. He believes he can catch as many violators of the law as any man who will be a candidate for the office, and he thinks the catching of criminals and securing their conviction is of high importance to the citizens of the county. He seeks the office because he believes he can serve the people of the county as well as any who will be candidates, because of his experience, and he wants to educate his two children, and if possible put a little away for a rainy day.

He will appreciate the support you may give him and, if nominated and elected will give the duties of the office all his time, experience and energy.

E. E. Shore, of Rives, Tenn., land inspector for the Prudential Life Insurance Company, Loan Department, is here on business this week.

Mrs. C. L. Barnes went to Memphis Monday to join her husband, F. L. Barnes, spending a couple of days in Memphis.

## LADY FOR COUNTY CLERK

Miss Hunter Browder Announces for County Court Clerk.

In this week's paper we announce the first woman candidate, who has thrown her "old Easter hat" into the political arena for county office.

After much persuasion by numerous friends and due consideration, Miss Hunter (Clara) Browder announces her candidacy for county court clerk of Fulton County, subject to the Democratic primary election, August 6, 1921.

We will not attempt to introduce Miss Browder to the voters of Fulton County because practically every man, woman and child is personally acquainted with her. The position she has filled for the past seven years as city editor of the Fulton Daily Leader and Weekly Commercial and Farm Journal, has brought her face to face with the people, and those who have not had the honor of meeting her personally have read the brilliant articles from her pen in the papers from time to time.

In every respect she is capable of filling the office to which she aspires. Her years of newspaper experience required much technical work of the same character as that in the office of county court clerk—a training that few women and men have enjoyed before seeking office. Her attentiveness to her work and the thorough manner in which she does it, has not only won the admiration of her employer, but the public in general who have had occasion to have business dealings with her.

Miss Browder was born and reared in Fulton County, the daughter of the late Colonel R. A. Browder, who served the people of Fulton County as tax assessor and magistrate of District No. 1 for more than twelve years. The county never had a more faithful official.

Miss Browder, like her father, is a thoroughbred Democrat, practicing her efficiency in political work during the recent presidential campaign, giving her time and means to the cause of democracy. However, she is not asking your vote and support for anything she may have done for the party's best interests, but simply because she thinks she deserves a promotion from the daily grind of newspaper work. She is anxious to serve you and sell your vote and influence. After a thorough investigation of her qualifications to fill the office of county court clerk she will appreciate your vote at the primary election, the 6th day of August, 1921.

MEMORIAL SERVICE FOR JUDGE FLATT

Memorial services for the late Judge R. B. Flatt, at one time circuit judge for this district, will be held at the court house in Clinton next Monday, the first day of the February term of court for Hickman County. Among the speakers on the program for that occasion is County Judge Elvis J. Stahl, who goes to represent the bar of Fulton County. A large representation from the whole judicial district will be present, and many of the local members of the legal profession are planning to attend.

\$23.06 FOR "INVISIBLE GUEST"

The collection taken at the Rex Theatre Monday night by the management for the "Invisible Guest" Fund totaled \$23.06. After a picture depicting the sufferings of the beneficiaries of this fund, Judge F. S. Moore called on the audience to contribute to the quota which has been assigned to the Rex Theatre. This quota was \$10 and the total of \$23.06 was highly gratifying to both the management of the theatre and the contributors to the fund.

Chester Barnes and B. M. White, of Louisville, went to St. Charles, Ark., on last Thursday on business for the Mangel company.

GOODBY KITCHEN, SAYS CONGRESSWOMAN

She's not going to spend her time at Washington cooking for Congressmen, says Miss Alice Robertson of Muskegon, Okla., the only woman elected to Congress in the Harding landslide. Miss Robertson is the owner and manager of a restaurant at home and it was reported she would follow her husband by conducting the House cafe when she arrived at Washington to take office. However, as this new picture was taken in a recent visit to the national capital, she affirmed stoutly that she was going to Congress to help make laws—not cook.

## CALUMET BAKING POWDER SAVES THREE WAYS

—A moderate priced Baking Powder of greatest merit. Honestly made. Honestly sold. Economical in every way. Every particle is full of actual leavening value. A full money's worth.

—You save time when you use it. Calumet is all baking powder. It begins to raise bakings the instant they are put into the oven. You don't have to keep "peeping" to see if bakings are all right. You know they are. Calumet is *sure*—never fails. That's economy. And true economy—in cost—in use—in time.

One trial will prove it and *show* you in results why millions of shrewd, thrifty housewives prefer Calumet to all other brands.

The unfailing strength of Calumet guarantees perfect results. Not only saves flour—sugar—eggs, etc.—but saves Baking Powder. You use only a teaspoonful—you use two teaspoonfuls or more of many other brands.

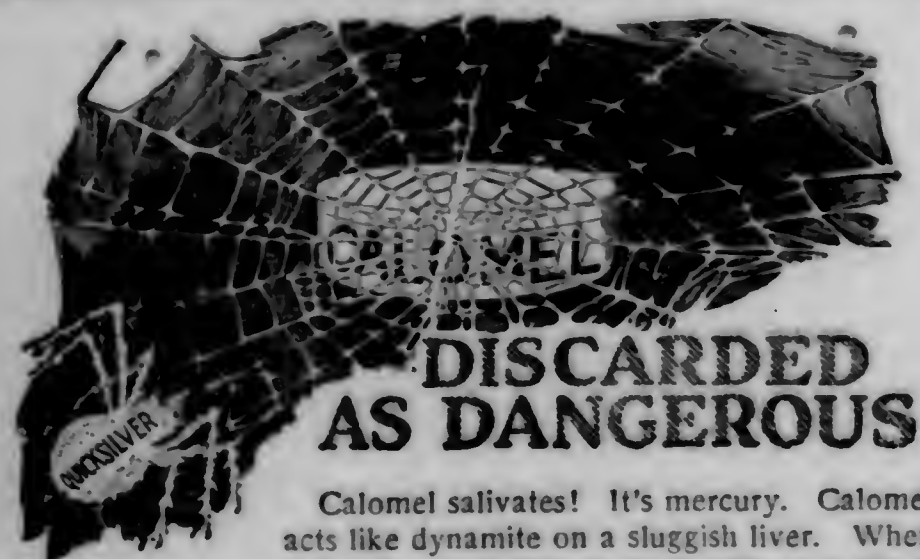

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

### HAVE YOU NOTICED THIS?

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz cans instead of 16 oz. cans. Be sure you get a pound when you want it.

## DISCARDED AS DANGEROUS

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

### Take "Dodson's Liver Tone" Instead!

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

## GOVERNOR ASKS CITIZENS HELP

Says 'Slender and Bootlegger Operations Challenge to State's Power.'

Operations of the moonshiner and bootlegger described as a challenge to the state's power to maintain peace and order, form the subject of a proclamation in the name of Governor Morrow, along with a personal letter, which he is sending to every sheriff, county attorney and chief of police in the state.

Through his proclamation the governor calls upon the co-operative efforts of all citizens to make their will "superior to the purposes of an outlawed traffic." The proclamation follows: "To the People of Kentucky, Greetings: 'The strength of any state is determined by the courage and character of its citizenship. Today the power of the state to enforce law and maintain order is largely, notoriously and indignantly challenged by the moonshiner and bootlegger. The moonshiner and bootlegger and those allied with them are determined to make their will superior to the law of the people of the state.

The open violation of the prohibition law brings to Kentucky and its people not only the known evil of intemperance, but there has come with it and as a part of it the infestation of men and women thieves of violence, just all who oppose it, perjury and subornation of perjury, and just exposure of the state's shame that those engaged in this business do not balk when at the mercy of public officials charged with the enforcement of the law.

"This law breaking power strikes at the source of all public authority. Confronted with this situation, I call to the conscience of the Commonwealth. I appeal to every law enforcing officer to stand by the law of his state and to exert the utmost energy and determination in the execution and enforcement of the law. I call upon the people of Kentucky upon its men and women, upon the leaders of thought and conduct—to unite to cooperate and to throw their threefold power upon the side of law and order.

"The will of the people of Kentucky must and shall be made superior to the purposes of an outlawed traffic. The power of the moonshiner and the bootlegger must be made to bend before the authority of the sovereign law of the Commonwealth.

"This is the 21st day of January, 1921. EDWIN P. MORROW, Governor of the Commonwealth of Kentucky.

In his letter to the people, the governor says:

"As one of the chief law enforcing agents of your state, and as a fellow citizen, I am deeply grieved at the infestation of the law of the Commonwealth. I am deeply grieved at the present situation of the state.

"I do not exaggerate when I say that the moonshiner and bootlegger, and those allied with them, today challenge law and order in Kentucky. The impudent, brazen and determined violation of this law is rapidly bringing into contempt all law; is weakening public authority and lessening the confidence of the people of Kentucky in their laws, their courts and their public officials.

"I believe in the high integrity, in the capacity and courage of the state's law enforcing agents, and I feel that you will be glad to lend every power of your energy and your office to the suppression of this outbreak of lawlessness.

"In the enforcement of this law I believe you will have the support of the right thinking men and women of Kentucky. I believe that a spontaneous and aroused public sentiment will rally to your assistance.

"We can and we must accept the challenge so bravely offered, and having accepted it we must re-establish the supremacy of the laws of the land.

"Let me know how I can be of service to you. Most sincerely yours, EDWIN P. MORROW, Governor of Kentucky.

## Are YOU One With Us?

One million, five hundred thousand farmers are united in a common cause through the American Farm Bureau Federation. They represent fifteen billion dollars' worth of our national wealth. That is more than the value of all the gold the world has produced in the last sixty years.

These are stupendous figures. Yet the impressive fact is not the size of the figures themselves, but the power they signify. The thoughts, the voices, the strength of one-fourth of the country's farmers joined in a single cause—farm progress! It is a tremendous force for good.

This force that is created by 1,500,000 determined farmers is making itself felt. It is speaking with too powerful a voice to be ignored, too well informed to be dismissed. Congress, capital, labor are having to listen to the farmer at last because the farmer has found a means of making himself heard. The Farm Bureau Federation has given him that means.

Fall in line! Join the Farm Bureau and help swell the mighty force that has enlisted under the Farm Bureau banner. Its objective is a secure and prosperous farming industry. Help it to guarantee that for you and the six million other farmers of this country.

Before the national body was organized THE COUNTRY GENTLE-

MAN began to support the movement. Its aid has been continued because the editor believes in the soundness, the integrity and the wisdom of Farm Bureau policies and leadership. THE COUNTRY GENTLEMAN always is ready to support and encourage every move that is helpful to farming. That is the purpose of this big national weekly—to make farm life more livable and profitable. It does this through the medium of informative articles, inspiring editorials and practical suggestions.

You need THE COUNTRY GENTLEMAN in your business, in your home life. And it costs only \$1.00 a year—less than two cents for each of the fifty-two big issues. You can mail your subscription to us, inclosing a dollar bill, check or money order.

## The AMERICAN LEGION

### HONOR TO MINNESOTA WOMAN

Dr. Helen Hughes Hiescher is Chosen State President of Women's Auxiliary of Legion.

Approximately four hundred delegates from all parts of Minnesota attended the first state convention of the women's auxiliary of the American Legion in Minneapolis. The meeting marked the beginning of the official organization of the auxiliary, which is expected ultimately to lend together about ten million women, the widows, sisters and daughters of former service men of the World War. The delegates at the Minnesota conference represented about fifteen members of the 117 units of the auxiliary in that state.

The constitution adopted a state constitution, modeled after the tentative constitution previously used by auxiliary units, and voted to incorporate themselves in the national principles of the Legion.

Officers elected were: Dr. Helen Hiescher, president; Mrs. E. A. Lewis, first vice president; Mrs. Myrtle Galt, second vice president; Mrs. O. B. De Launay, treasurer; Mrs. George H. Barber, representative on the national executive committee.

Mrs. Pauline Gussick, representing the organization of national businesswomen, addressed the convention, outlining the aims and aims of the organization.

Representatives of the women's auxiliary will hold their state convention January 10 and 11, and other states are expected to take similar action in the near future.

### WARSAW, POLAND, HAS POST

All Members Are Ex-Service Men Now on Duty With the American Red Cross.

A post of the American Legion with 40 members has been formed in Warsaw, Poland. All the members are ex-service men, who are now on duty with the American Red Cross. The post was organized by Charles Phillips of New Richmond, Wis., head of the publicity department of the Red Cross in Warsaw, and has the following officers: H. H. Hall of McDonald, Pa., commander; Lee D. Rowe of McAllen, Tex., adjutant; Frank H. McKeeney of Richmond, Mo., treasurer.

Commander Hall, who served in France with the Three Hundred and Seventy-seventh Infantry, is chief of stores for the Red Cross in Poland. Rowe, who was in the medical detachment of medical supply train No. 412 in France, went to Poland a year ago with the United States army typhus expedition.

Posts of the Legion also are now being formed in Jerusalem, Palestine and in Peking, China.

### MOST POPULAR AT CARNIVAL

Marie Balzarini Carries Off Honors at Contest Conducted by Windsor Terrace Post, Brooklyn.

Miss Marie Balzarini of Brooklyn, N. Y., was voted the most popular girl in a contest held during a week's carnival of Windsor Terrace post of the American Legion. The popularity contest, which is becoming a favorite pastime among Eastern posts of the American Legion, has been the means of boosting the financial standing of several posts as well as affording amusement for the members and their friends.

### NO TIME FOR "BLUE LAWS"

Indications Are That Legion National Officers Will Not Take "Positive Stand."

"Blue law" agitation is apparently obnoxious to a large number of members of the American Legion, according to expressions of opinion received in letters at national headquarters. National officers have been called upon to take a "positive stand," particularly against those who would do away with the cigarette.

"As individual citizens and voters our membership can support or oppose what it sees fit," said one national officer of the Legion, "so long as they conform to our national constitution. I think the veteran, however, is against intolerance. The national organization of the Legion has no time for this controversy, however. We have our hands full in our effort to make life what it should be for the disabled."

### IMPROPER FEEDING OF PIGS

One Big Reason Why Fall Porkers Prove Unprofitable in the Hands of Many Farmers.

One reason why fall pigs prove unprofitable to the hands of many farmers is improper feeding. Many persons have the mistaken idea that a pig must be fed a light ration until it is four or five months old to give it a chance to grow which is one of the biggest mistakes a hog raiser can make. As soon as fall pigs will eat grain and while they are still suckling their mothers, give them all the grain they will eat. In fact, the best thing is to have them run to a trough or a self-feeder where they can find corn, oats, rye, or some other feed whenever they want it. After they are weaned keep them right on a ration of that sort until they are ready for the market. If you have a self-feeder put shelled corn or ear corn in one part of it and rye or oats in another or provide separate self-feeders, one for the corn and one for the rye, and then let the pigs be the judge of how much to eat of each constituent.

### ASPIRIN

Name "Bayer" on Genuine

Warning! Unless you see the name "Bayer" on package or on tablets you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for Colds, Headaches, Neuritis, Rheumatism, Earache, Toothache, Lumbago and for Pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monacelle-Adelstedt of Sollefeld.

### CHECK DISEASE AMONG HOGS

Animals Become Infected With Tuberculosis Principally From Following Cattle.

Eradicating tuberculosis from cattle will practically solve the problem of controlling the disease among swine. That is the opinion of veterinary experts experienced in the handling and post-mortem examination of swine received at the principal market centers. By means of a simple and practical marker, hogs may be tattooed with distinguishing letters and figures, and when disease is found by post-mortem examination the identity of such animals is known. With a simple system of records it is thus possible to trace a shipment to the farm from which it came and stamp out infectious diseases at their source. Evidence shows that swine become infected with tuberculosis principally from cattle, either by following them in feed lots or pastures, by receiving infected dairy by-products, or by eating tuberculous carcasses.

### IF WOMEN ONLY KNEW

What a Heap of Happiness It Would Bring to Hickman Homes.

Hard to do housework with an aching back. Brings you hours of misery at leisure or at work.

If women only knew the cause—that Backache pills often come from weak kidneys.

"I would save much needless woe.

Doan's Kidney Pills are for weak kidneys. Ask your neighbor."

Read what a Hickman citizen says:

Mrs. Walter McLaughlin, W. Hickman St., says: "Several years ago I had an attack of kidney complaint. I took Doan's Kidney Pills after being advised to do so by a neighbor who had taken them. I was all run down and felt tired and languid all the time. My back ached and I had pain in my side. I wasn't strong enough to do my housework. I took Doan's Kidney Pills and it wasn't long until I felt as well and strong as ever. I certainly think Doan's are a fine kidney medicine and I am glad to recommend them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McLaughlin had. Foster-McBirney Co., Mfrs., Buffalo, N. Y.

### A TONIC

Grove's Tasteless Chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless Chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 50c.

### CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegar, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought six bottles, after a neighbor told me what it did for her.

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since. I am sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many womanly ailments.

If you suffer as these women did, take Cardui. It may help you, too. At all druggists. B 55

No Race Suicide There. Jean, who had always lived in the city, was going to the country for the summer. As she sat gazing out of the car window a flock of blackbirds, frightened by the train, rose from the ground and flew away. "O, aunt," exclaimed Jean excitedly, "look what a large family those birds have."

## THE THING TO DO.

Elsewhere in this issue is a copy of the resolutions of the Fiscal Court to cut all expenditures except for emergencies, which was made for the purpose of enabling the court to catch up and pay off as much of the indebtedness as possible. This seems to be at least the proper thing to do considering that the roads were given a thorough working last year and everything was put in good shape. By adopting this plan the court will save for the county this year \$30,000. The action of the court means that no road supervisor or road or bridge crew will be employed, that no contracts for oil, repairs, lumber or other material of any description will be let and that no demonstration agent will be employed during the year. In short, it means that no warrants will be issued except for drugging, for repair work and for current expenses of the county government until further orders of the court.

This county has been in debt for years and we feel that every citizen would rather see the court operate on a much smaller scale in order to pay up, especially since the roads are in good shape and can be kept so with the use of the road drag.

We are with you 'squires.

S. M. Naffeh and W. H. Baltzer left Sunday for the St. Louis markets.

## THE LEGISLATURE.

This is the year for Hickman County to name the Representative from the Legislative district according to a custom which has been followed since the beginning. The cordial feeling between the two counties and their common interest will be served if no candidate from Fulton County offers for representative at this time.

It is said that W. T. Walker of Clinton, Ky., will be a candidate from Hickman County. He has a wide acquaintance in Fulton County and over the state and can be of great benefit in legislative matters to the advantage of this locality. Judge Davis has known Mr. Walker for many years and on hearing his name mentioned commended him very highly as a competent and suitable man for the place.

## MRS. ELIZABETH M. BOSWELL.

Friends in this city are in receipt of an announcement of the death of Mrs. Elizabeth M. Boswell, wife of J. E. Boswell, which occurred at San Diego, Calif., Tuesday morning, January 25, at 1:30. Mrs. Boswell was a sister of Mrs. J. E. Phelps, with whom she was residing at the time of her death. The deceased had been in failing health for some time and had moved to California in hope of being benefited by that climate, but grew steadily worse until death came. She was well known here, having visited in Hickman on several occasions and has a host of friends here who will be shocked to hear of her demise. Funeral services were held in San Diego, Wednesday, January 26, at 2 p. m.

## WILL J. WEBB, JR.

Our young friend Will J. Webb, Jr., of Mayfield, is a candidate for clerk of the Circuit Court of Fulton County. He is well known to the young people of Hickman who have been watching him since he was a boy. He has had several years experience in the law, and in the office of his father, Mr. J. Webb, and is well equipped for the position and experience for the important office.

He enlisted as a volunteer on April 18th, 1917, before the operation of the draft law and had two years of service for his country. He was highly commended for the efficiency of his duties. He was in France in action at the time the armistice was signed, and has received an honorable discharge from the army. Competent men who have been in the service should have preference in public office as some compensation for their hardships and sacrifice.

## C. B. PARRISH NOW CASHIER OF TALLAHATCHIE HOME BANK

C. B. Parrish, who has made many friends in Charleston since moving here last September, entered the service last Monday of the Tallahatchie Home Bank as cashier, to relieve Ned Rice of the many business details requiring constant attention.

Mr. Parrish has passed through a thorough training in the banking business in Memphis and Yazoo City. Since coming here he has been with the Bank of Charleston until this week—Charleston (Miss.) Enterprise.

Mr. Parrish is well known here, having lived in this city for a number of years. He was connected with the Farmers and Merchants Bank, leaving that institution to accept a position with a bank in Memphis. He is a son-in-law of Mr. and Mrs. E. C. Rice of this city.

## WELL SHOWS GAS.

Considerable attempt is being made as a result of the Roney, Mitchell & Brainer oil well, located in the lower end of this county, showing signs of gas. The well was drilled last Monday morning.

Although work had been suspended Saturday afternoon, on account of gas, the well took on an oil at 10 o'clock Monday morning at about 10 o'clock, starting with a rumbling noise which was followed in a few seconds with a spouting of mud and water through the drill stem to a height of sixty or more feet. This occurred at three different intervals, the first and last eruptions lasting 50 minutes. Mud and water splattered the ground, and the well was full of the solid string.

The company whose policy is to give out no extravagant reports, said nothing about the apparent gassing, but took back out yesterday. It is said Mr. Mitchell, the company's representative on the ground, and Mr. DeWitt, the driller, are very reticent in discussing the matter.

The well is now down more than 1700 feet. Pumping operations will be started as soon as a pipe of pipe tool arrives, which is expected today or tomorrow.

About twenty of our citizens, went down to the well yesterday afternoon and satisfied their curiosity by seeing the mud splattered fountains of the derrick do not show the derrick floor.

On Friday evening of last week Mrs. J. Mack Reid and Miss Carrie Mae Reid, at the home of the latter, entertained at five tables of friends at bridge with six tables. After the games a salad course and coffee were served. The guests were Mesdames Mrs. Alexander Karl Talley, Edward Bradley Jr., Fred Bondurant, C. T. Bondurant, T. T. Swayne, Herman Bradley, Henry Cowgill Jr., C. L. Walker, Mitchell Wright, Chester Barnes, Swayne Walker, C. B. Travis, Frank Fleming, R. B. Coffey, Milton Spradlin, George Cook, E. Johnson, W. C. ### ADVERTISING IS THE MAGIC KEY

Expert Prescribes It as Panacea for Business Ills.

Advertising is the magic key that unlocks the gates of commercial prosperity and floods business with new life. It is the one factor in business power, powerful enough to turn disaster into success, practical value lies in the fact that it stimulates consumption.

These are the viewpoints that George A. Cullen, vice president of the North American Fruit Exchange and former vice president of the Luckenbach railroad expressed when questioned as to his reasons for asking the apple growers of New York state to launch an intensive advertising campaign.

Mr. Cullen has had considerable experience with the efficiency of advertising as a medium through which to create brisk business when the consumer's pulse beats slowly. He thinks the logical time for advertising is when consumption is at its lowest ebb. It is then that legitimate selling arguments should be advanced to the buying audience. He says:

He has based these conclusions on this matter on observations which have just been reinforced by Bradstreet's and Dun's published report of the yearly failures of 1920, which state that of all the failures recorded during the past year 84 per cent of the firms did not advertise.

Selling any product is a matter of letting the people know what you have to sell. Friday Mr. Cullen addressed the New York Agricultural Society at Albany and took occasion to tell the apple growers that they were making a fatal mistake by failing to advertise. In making his plea for utilizing advertising as the one medium that could be depended upon to stimulate the apple business, Mr. Cullen drew some very graphic comparisons between the enterprise of the California fruit growers and the apparent lethargy of the New York fruit and produce farmers.

Successful to create an appetite for citrus fruits the California fruit growers invest annually \$700,000. You do not spend one cent in an effort to create an appetite for your apples and an appetite translated into commercial terms means a selling market, declared Mr. Cullen.

Inasmuch as his business interests are now centered in the fruit growing business, he said, he has investigated the advertising field from the viewpoint of a fruit grower. He is of the opinion that the same results can be obtained from advertising in the fruit field can be derived in other lines of commerce.

According to Mr. Cullen the buying public is never in a mood to buy until it has been awakened to the possibilities of advantages that will accrue from spending money. Especially during a period when money is not particularly plentiful and when all manner of induc-

try is showing signs of slowing up it will be found that shoppers are most unwilling to go into the markets. Unless a determined effort is made to show them whereby they can profit by buying at such a time business is likely to suffer serious relapses. The consistent advertiser who makes use of such slow business spells to bring his product to the public attention is the man who realizes the profits. In expressing these views Mr. Cullen said they could be reasonably applied to any kind of business.

#### No Worms in a Healthy Child

Children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVER'S TASTIFUL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

THE UNIVERSAL CAR

#### ANNOUNCEMENT

Mr. Edsel B. Ford, president of the Ford Motor Company, gives out the following statement:

"The price of the FORDSON Tractor has been reduced from \$700.00 to \$625.00, effective immediately.

"This price change has been made possible through lower costs of materials and the fact that we are now located in our new Tractor Plant, with greatly increased economic manufacturing facilities in immediate connection with our foundry and machine shops and large blast furnaces where iron is poured directly from the ore, giving us maximum efficiency with the power to reduce cost of production, and down comes the price in line with our policy, to market our products at the lowest possible figure without in any way affecting our high standard of quality.

"We are particularly pleased in being able to bring about this big reduction in price at this time because the farmer needs all the help we can give him, and this big cut in price will be the means of placing a valuable power unit within the reach of practically every one of them, not to mention industrial and commercial concerns which likewise have benefited through its use and are already realizing, to a much greater extent, its value as a power and hauling unit. But particularly has the FORDSON Tractor proved a most valuable factor in the saving of farm labor, at the same time increasing the per acre crop yield as well as making possible a utilization of previously unutilized land, to say nothing of removing no end of drudgery.

There is no question that the use of machine power on the farm is the greatest advancement made in the development of agriculture, not only in money saving and money making results, as well as raising the standards of living on the farm to a much higher level, but because of its proved value in making every type of land more productive, and consequently our desire to place the FORDSON within the reach of all.

THERE IS NO CHANGE IN THE PRESENT FORD CAR AND TRUCK PRICES, which are already at the lowest possible figure, and now with rock-bottom reached on the Tractor price a further reduction in price of either the Car, Truck or Tractor is out of the question; in fact, the big price cuts have been made in anticipation of continuous maximum production, and increases may be necessary before long if a large volume of business is not obtained. Therefore, present prices can not be guaranteed against possible increases.

Ask for the book, 'The Fordson at Work,' which will be supplied free of cost. Let us demonstrate the value of the Fordson on your farm. In your factory, lumber yard, coal yard, or in any general hauling or power work you have to do, and let us have your order for a Fordson.
